progress made and of the efforts undertaken by the Secretariat to reduce the backlog in the preparation and to update those two publications during the reporting period. We welcome the increased use of the internship programme of the United Nations and the further strengthening of the cooperation with academic institutions for the preparation of studies. Considering the importance of the Repertory and the Repertoire, both as research tools for the international community, particularly the diplomatic community and universities, and as a means to preserve the memory of the Organization, we call upon the Secretary-General to continue his efforts toward updating the two publications and making them available electronically in all language versions. We would also like to express our gratitude to those States which have made voluntary contributions to the trust fund for the elimination of the backlog in the Repertory, including one EU Member State, as well as to that trust fund for updating the Repertoire and reiterate our call for other UN Member States to do likewise.

I thank you, Mr. Chair.
