

Equipment

Allocated exhibition space will only be suitable for the distribution and display of physical material. Exhibition booths will tentatively be 3m x 3m each. Detailed information on the installation, operation, and deinstallation logistics for exhibition booths as well as the booth dimensions and facilities will be circulated in due course.

If exhibitors desire to display anything electronically, they will be responsible for setting up the necessary equipment. Organizations will be allowed to bring any equipment needed within the confines of allocated space but would need to clear the premises promptly on the conclusion of the conference.

Participation

All exhibitions will take place within the conference premises. Therefore, all on-
