Sign each child's name and date at the beginning of this page, and the parent's name at the end of this page. Create a class space, expect for physical activities. Key points to be made: Ad it is acceptable to have a pet in the classroom. This is a pet, not a dog. In particular, giving pets to children is not acceptable. The Pacific Northwest is a beautiful area and we should take care of it.

Chapter III. Science, Technology and Digital Learning

The gender bias in STEM fields is a major barrier to the advancement of women in science and technology. A major goal of the Department of Education is to increase the number of women in STEM fields. We need to create a supportive environment for women in STEM fields.

Not only is there a gender gap in digital literacy, but there is also a digital divide between the rich and the poor.
